Many memories and fun have been shared by over 2400 students since our school was established in 1954. Catholic Education in Grand Rapids has been a cornerstone of our parish life. We are blessed to have the talents of a wonderful faculty and the support of our school families, which together create a community based in our shared Catholic faith.

We are currently in the process of establishing an alumni data base. We would LOVE to hear from you! Please click on the link below and share with us your contact information. In the coming months, we are working to re-vamp our web site and offer a place for our alumni to post comments and connect.
